

Group Activity

It is important to not be isolated when you are trying to learn in SET.

For this group activity, you must do two of three activities:

- 1) Read through the Online Introductions in the eConestoga Discussions area. Comment something substantial about something that you found interesting about five different people (as replies to their introductions). Create five screenshots of your comments. (Note: "something substantial" means that postings like "Hi, Jackie! Welcome to the SET program!" won't count.)
- 2) Create a screenshot of an online discussion that you have had with someone else in the class. The screenshot can either be a chat transcript or a capture of a video image of them in discussion with you. It cannot be in the Online Introductions area.
- 3) Do some other (i.e. different from the above three options) virtual activity that could be considered a "group activity" with at least two other students in the course. It does not need to be related to academics. Provide a screenshot of the activity.

If you choose to do more than two activities, the first two will count towards your mark.

For option 2 and option 3, all people involved can submit the group activity but they must have their own screenshot.

Put the above into this document in the sections below. **Export** the document as a **PDF** with your **full name** (as first_last.PDF) as the filename (e.g. Fred_Flintstone.PDF). **Submit the PDF document** to the Group Activity dropbox.

Put your full name here: Sarah Jasim

Hello Tugrap,

It's nice to hear that you're from Turkey. I lived in Turkey 4 years before coming to Canada, and it was an amazing country. I lived in Bolu, and it was filled with mountains and fresh air. My oldest brother speaks Turkish very well because he worked there. But me, not too much because I only attended school the last 3 months. I have no coding experience as well, so I hope it goes well for all of us.

Hello Salman, I've been in Canada 5 years, so pretty close to how much you've been here. How did you enjoy Saudi Arabia? I hear that It's beautiful, but never been there. I haven't heard of Rohingya, but I've heard a lot of Mayanmar, Burma. Good luck on achieving your dream.

Hi Abdul,

It's nice to hear that there is at least one in the whole class who speaks Arabic. I came here in 2017 also from Turkey. But Originally from Iraq. I don't speak Turkish very comfortably, but I know a little bit. My oldest brother and my younger uncle speaks Turkish very well. Sometimes I go with my 3 brothers to the YMCA in Stratford. Good luck on your studying journey.

 On ya hi figil
I'm Sara if you remember me

 **WeaponX** 09/10/2022
Hii Sara nice meeting you!
Did we had a chat before ?

 **Sara7** 09/10/2022
Nice to meet you too.
No but you replied to my intro in c++ course

 **WeaponX** 09/10/2022
Ooh now I remember 😊
Are you an international student?

 **Sara7** 09/10/2022
No
Are you?
So where are you from

 **Sara7** Are you?

 **WeaponX** 09/10/2022
Yeah, I am from India

 **Sara7** 09/10/2022
Oh nice
I'm from Iraq
